

VENN DIAGRAM

Venn diagrams are graphic representations of categories and their relation to each other. A Venn diagram is made up of overlapping circles. Each circle represents a specific category. Students place items in the appropriate categories or circles. When an item can be in more than one category, it is placed in the overlapping area. Items that fit in none of the categories are placed outside the circles.

K-W-L CHART

Topic:

What I Know	What I Want to Find Out	What I Learned

Hint:

Sometimes you may want to fill out a K-W-L chart with a partner or a group.
